* To satisfy the PHYSICS 61L & 62L requirement at least one of 61L, 62L, 63L, or 143 (or, with approval, PHYSICS 176, 181, or 182) must be taken at Duke. In particular, if AP credit for both 61 & 62 then take 63L or 143 (or, with approval, 176, 181 or 182), or waive AP credit for 62 by taking 62L. If AP credit for 61 is waived by taking 61L then AP credit for 62, if earned, is also waived.

** Restrictions apply to NS elective. Courses not allowed include: All BAA, Psych, Seminar courses, Science courses described as "not for majors." The Dean’s list maintains a disallowed list.

*** The engineering and applied science elective requirement can be satisfied either of two ways: **Option 1:** take one of the following courses: BME 153L, CE 207, CE 208, CE 245, COMPSCI 100E, ECE 27L, ECE 176, EGR 119L, ME 83L, ME 101L, or PHYS 171L; **Option 2:** Students completing the S/M track may take CE 120L, CE 123L, or CE 124L

**** At least 5 courses required; limit of 2 APs toward the 5. At least one SS; at least 2 of the 3 areas of knowledge: ALP, CZ, FL; and, for depth, 2 must be from the same department with at least 1 of those 2 at the 100-level or higher.
